

Adjective Groups

Adjectives can give you extra information about:

- the **size and weight** of something: *big, small, heavy, ...*
- the **colour and brightness** of something: *red, bright, dull ...*
- they can also tell you about the **mood** of a person or animal: *happy, angry, tired...*
- adjectives can also tell you about other **qualities** of a noun - what it tastes or smells like, what shape it is, what you think about it, what it is made from, etc.

Task: Sort the adjectives into the correct group **AND** add some more adjectives to each group of your own (adjectives not from the box) *IF YOU DON'T KNOW A WORD CIRCLE IT.*
