

As part of our 'Looking After My World' topic, you could watch this short educational video about the 3Rs (reduce, reuse, recycle). Then the children can design a poster or leaflet teaching others about the things we can do to help save our planet. The poster/leaflet can have just a few key words like 'recycle' and photos or can include more information about what we can do. 😊

Please see a few examples below of some posters/leaflets made.
