

Can you draw an array to show these divisions? The first one is an example.

$$6 \div 3 = 2$$

$$12 \div 2 =$$

$$18 \div 2 =$$

$$14 \div 2 =$$

$$16 \div 2 =$$

$$20 \div 2 =$$

Can you draw an array to show these divisions?

$6 \div 3 =$	$12 \div 3 =$	$12 \div 4 =$
$15 \div 3 =$	$10 \div 5 =$	$12 \div 6 =$
