This SEND Information Report outlines information regarding ways in which we provide support for all our children in order for them to learn and grow intellectually, emotionally and socially in a nurturing environment. We fully comply with: SEND Code of Practice January (2015), Equality Act (2010) and the Children and Families Act (2014.)

1. Our vision

The Diverse Academy Trust emphasises a child centred approach, 'nothing about us, without us', which supports the resilience and well-being of our children. We value both children and parental engagement thereby sustaining a welcoming, effective and inclusive culture in our academy.

Our academy aims to provide an inclusive, supportive and positive learning environment where the child is at the centre. We aim to support all children to have the confidence and self-esteem to aim high, achieve their aspirations and maximise their full potential based on their strengths. We aim to encourage communication, independence and social development.

Our staff have high expectations of all children and seek to be fully equipped with the skills, enthusiasm and supportive attitude allowing our children to overcome any barriers to learning. We believe that additional intervention and support cannot compensate for a lack of inclusive 'High quality' teaching, which is enabled and adapted for individual children.

Individuality

All children are treated as individuals in their own right, even if their needs are similar. Our expectation is to be an exciting learning community which has high aspirations for all children and nurtures self-belief.

We prepare each child for their future life by enabling them to be as independent as possible, to have the social skills to be part of their communities and to have the communication skills to make choices and have a voice in their world.

We adapt and enable learning to support the needs of individual children, both inside and outside of the classroom.

We use a child-centred approach when identifying strengths, areas of development and strategies for support (Individual Learning plans updated termly)

We communicate daily with parents through home school diaries, over the telephone and via Weduc.

Impact

All children will receive support to build on current knowledge and have access to a curriculum that is ambitious to encourage development of their communication, social skills and independence.

Teaching staff feel confident to deliver a relevant and appropriate curriculum to enable all children to make progress regardless of their starting points.

Parents and carers feel supported and can communicate effectively with all members of staff to share and support their child's learning in school.

2. Provision

What kind of special educational needs does Redgate Primary make provision for?

Redgate Primary Academy is a primary special Academy for children aged 3 to 11 years. The Academy provides specialist educational facilities.

The Academy meets the needs of children who:

- Have Autistic Spectrum Disorder [ASD] often with anxiety related needs
- Have Severe Learning Disabilities [SLD]

Many of our children have a dual diagnosis which means they have more than one diagnosis.

The attainment of our children is often well below the expected age range of their peers, with additional difficulties that may include:

Cognition and Learning needs

- Cognitive development where or when attainment / progress is at a lower level than their peers.

- Communication and language difficulties.
- Engagement to task.
- Social Development, difficulties in making and maintaining friendships and relationships.
- Fine and gross motor skill development.
- Limited Self-Help Skills to develop independence in organisational skills and personal care needs.

Communication and Interaction needs

- Speech, Language and Communication difficulties.
- Social interactions.
- Engagement to task.
- Sensory Processing Disorder

Social, Emotional and Mental Health Needs

- Difficulty in understanding and participating in classroom activities
- Disruption in emotional health and wellbeing impacting on learning.
- Unpredictable responses to learning tasks resulting in being uncooperative and/or emotional withdrawal.
- Some behaviour which may be injurious or endanger self/others.
- Difficulties making and maintaining friendships.

Sensory, Medical and/or Physical needs:

- Physical disabilities which result in mobility needs, sensory impairments or personal care needs
- Health care needs
- Sensory Processing Disorders

3. Extra Support

How does Redgate Primary know if my child needs extra help?

As a Special Academy all children who attend Redgate Primary Academy have an EHCP identifying their special educational needs, aspirations, strengths and needs, provision and arrangements.

Each child's EHCP is reviewed annually (biannually for children in foundation stage) during an

EHCP Annual Review Meeting. At this meeting the child's strengths and needs, progress against outcomes and the provision put in place to support the child are discussed.

Annual Reviews take place with parents and carers, teachers and other professionals from Health and Social Care to ensure that the provision put in place supports the child.

4. Assessment

How does Redgate Primary assess and review children's progress towards outcomes?

All children at Redgate Primary Academy have Individual Learning Targets which are linked to their EHCP outcomes and their academic priorities, these targets are presented in their ILPs.

All children make progress towards their learning outcomes, and we use assessment tools to monitor, track and celebrate progress. These tools include the National Curriculum Pre-Key Stage Standards, B-Squared Engagement Steps, B-Squared Progression Steps, B-Squared Autism Progress and B-Squared Early Steps.

5. Evaluation of effectiveness

How does Redgate Primary evaluate the effectiveness of its provision for the children?

The monitoring and evaluation of the effectiveness of our provision is carried out in the following ways:

- Discussions with the child and their parents/carers
- Deep Dives into different curriculum areas
- Learning walks
- Coaching visits
- Internal and external moderation
- Pupil progress meetings
- Tracking and analysing the child's progress using our bespoke assessment framework
- Monitoring EHCP outcomes
- Monitoring ILP outcomes
- Analysing attendance records
- Academy Review Meetings (ARM)
- Educational Review Meetings (ERM)

- Academy Inspection Reviews (AIR)
- SEND Reviews

6. Teaching Approaches

Our approach to teaching children with SEND including how adaptations are made to the curriculum and learning environments.

We provide a curriculum that is relevant and meaningful for all of our children and work hard to ensure it is developmental and progressive in nature; reflecting areas important to each child in our academy.

As a consequence, our curriculum is individualised, meeting the specific needs of children at Redgate Primary Academy. Our curriculum is designed to provide opportunities for children to develop the skills, knowledge and understanding that will enable them to be successful lifelong learners, with appropriate balance between the academic and personal aspects of development.

Whilst our curriculum is developmental and progressive in nature, we ensure that our teaching and learning practices enable our children to be active learners. We aim to teach skills and then provide opportunities for children to use these skills in a variety of contexts. Our enabling environments are designed to encourage children to use their skills in a variety of contexts. This helps children to consolidate and generalise their skills and understanding.

We embed specific approaches and programmes including:

- Safe environments with structure and routine
- Tailored communication: objects, photographs, symbols, token and/or symbol exchange, Makaton signing
- A Sensory Diet
- Indoor and outdoor enabling environments
- Intensive Interaction
- Forest Schools
- Access to offsite educational visits
- Specialist support from Physiotherapists, Occupational Therapists, Speech and Language Therapists.

We have a supportive and nurturing approach in relation to supporting our children who, from time to time, find it difficult to engage in learning and whose behaviour for learning may need further

development. Some children have a behaviour plan to help them access their learning and to ensure a consistent approach. If a child requires a behaviour plan, this is written and agreed with parents/carers.

7. Emotional & Social Development

How does Redgate Academy improve the emotional and social development of children including extra pastoral arrangements for listening to the views of children with SEND and measures to prevent bullying?

We are committed to supporting the emotional wellbeing and safety of each child. A number of our children have a range of personal and medical needs, plans are drawn up in consultation with parents/carers, the child and other professionals. These plans are then integrated within the Academy day in order to support rather than detract from a child's learning opportunity.

Staff work tirelessly to connect and engage children through a playful approach promoting each child's ability to self-regulate their emotions and behaviour. When necessary staff help children through co-regulation.

We pay great attention to personal development and weave this into our curriculum. Children are encouraged to be as independent as possible, to emotionally regulate and develop their communication skills.

We encourage a respectful relationship between staff and children so that children feel comfortable to express their feelings or concerns with staff of their choosing. We have School Council which gives children the opportunities to give their views and ideas regarding the organisation of the Academy.

Each class in Academy has its own staff team who get to know the needs of each child in the group very well and build up close, yet professional relationships. Children are always encouraged to be as independent as possible in their learning and personal skills for example personal care and eating.

Pastoral support is offered by all members of staff.

Redgate Primary has a strong safeguarding culture as our children in the academy are vulnerable due to their SEND. There are three designated safeguarding leads within the Academy.

Further detail can be found in our policies:

- Diverse Academies Policies [Click here](#)
- Redgate Primary Academy Policy Appendices [Click here](#)

8. Staff Development

How does Redgate Primary ensure staff have the expertise and training in relation to children with SEND and how specialist expertise will be secured?

Staff are trained in how best to teach and support the children who attend Redgate Primary Academy. Staff training and development features consistently in the Academy improvement plan and an annual schedule of continuous professional development. Specific training needs are identified through the Personal Development Programme.

As a minimum requirement we train all our staff (with regular refreshers) in

- Safeguarding
- Fire Safety
- GDPR
- Moving & Handling

Some staff have received training (with regular refreshers) for the specific needs of children including:

- CRB (Coping with risky behaviours)
- Epilepsy Training
- Administering emergency medication
- Managing asthma
- Administering an EpiPen
- Emergency First Aid

We have a First Aid Team which has 5 staff trained in First Aid at Work, 3 staff trained as Paediatric First Aiders and 1 staff member trained as a Forest School First Aider.

9. External Agencies

How does Redgate Primary involve other bodies, including health and social care bodies, local authority support services and voluntary sector organisations in meeting the needs of children with SEND and their families?

We use the outreach services for speech and language, physiotherapy and occupational therapy provision. Therapies are mainly carried out in class and are integrated into learning.

We seek to respond quickly to emerging additional needs and work closely with other agencies including:

- Early Help Team
- CAMHS
- Specialist services for visual and hearing impairment
- Educational Psychologist
- Social Care Children's Disability Team (ICDS)
- Local NHS services
- Multi-Agency safeguarding Hub (MASH)

We have a clear point of contact within the Academy who will coordinate the support from outside agencies. Claire Gouthwaite is the member of staff who is the Designated Teacher for CLA.

10. Child Voice

How does Redgate Academy consult children with SEND and involve them in their education?

We recognise that all children have the right to be involved in making decisions and exercising choice. As the majority of our children have communication difficulties, we need to structure these opportunities carefully so they are not tokenistic. We use a range of augmentative and alternative communication approaches to enable our children to make simple influential choices. This can be during learning or reviewing their performance, during the Academy Council, during the EHCP review meeting or during the LAC review.

11. Parent / Carer Relationships

How does Redgate Academy consult parents and carers of children with SEND and involve them in their child's education?

The Academy aims to work in partnership with parents and carers by:

- Making parents and carers feel welcome
- Giving parents and carers opportunities to play an active and valued role in their child's education- Whole Academy fun days, Pre and Post Admission meetings, regular parent and carer conversations
- Daily contact is maintained with home and the academy through diaries and WeDuc to engage with parents and carers electronically.
- Encouraging parents and carers to inform the Academy of any difficulties they perceive their child may be having or other needs their child may have that need addressing
- Instilling confidence that the Academy will listen and act appropriately
- Engaging parents and carers in opportunities to discuss ways in which they and the Academy can help their child
- Keeping parents and carers informed and giving support during assessment and any related decision-making process
- Making parents and carers aware of the Parent Partnership services available as part of the Local Offer
- Providing all information in an accessible way, including, where necessary, translated information for parents and carers with English as a second language
- The Academy website page are updated regularly.

12. Transitions

How does Redgate Academy support children moving between phases of education?

We aim to ensure smooth transition into our Academy from the previous phase of education and from our Academy into the next phase of education.

When a child has accepted a place at Redgate Primary Academy parents and carers are invited to attend a Pre-Admission meeting, which involves meeting staff in Academy, having a tour of the Academy and sharing information about the child.

For children transitioning into EYFS it may take several weeks for the child to attend the Academy full time. Children are invited in for transition visits before their start date.

13. Governing Body

Arrangements made by the Governing Body relating to the treatment of complaints from parents and carers of children with SEND concerning the provision made by the Academy

If there are any complaints these will be dealt with in the first instance by the class teacher and/or a member of the leadership team, then, if unresolved, by the Executive Principal.

In the case of an unresolved complaint the issue should be taken through the Governors complaints procedure ([Concerns and Complaints Policy](#)).

14. Equipment & Facilities

Information about the equipment and facilities to support the children at Redgate Primary Academy

Redgate Primary Academy is housed within a single storey building. All areas inside and outside the building are accessible. The Academy has a range of specialist equipment and specialist areas including:

- An enabling EYFS outdoor play area
- Each classroom has access to an outdoor area which is safe and secure for children to play
- All classrooms are equipped with interactive boards
- Each classroom has access to a changing area
- A communal training kitchen
- A communal soft play room
- A designated area for Forest schools
- A proportion of the Academy's budget is set aside for the provision of specialist equipment to support the learning and health needs of the children
- A hall which has the technology to bring the outside environment inside through lighting, projections and sound

15. Contacts

Who can I contact for further information or if I have any concerns?

If you wish to discuss your child's additional needs or are unhappy about any issues regarding the school's response to meeting these needs please contact the following:

- Your child's class teacher
- The Principal: Claire Gouthwaite
- For complaints, please contact the School Governor **Pete Edwards** with responsibility for SEND. You can find this information within our complaints policy on our Diverse Academies website.

Information, Advice and Support Agency Network offers independent advice and support to parents and carers of all children and young people with SEND and will direct visitors to their nearest IAS service; <https://councilfordisabledchildren.org.uk/information-advice-and-supportservices-network>

16. Redgate Primary's Local Offer
